

CHILD FIND of AMERICA

BRINGING KIDS HOME • KEEPING THEM SAFE

About Us

Founded in 1980 by the mother of a missing child, Child Find is a national nonprofit committed to locating missing children, preventing abduction, and supporting families through crisis intervention, education, and conflict resolution. At the time of its founding, no national or state resources existed to help locate missing children.

Today, Child Find uses decades of expertise to help resolve family abduction through a range of FREE and CONFIDENTIAL services. Beyond the immediate crisis, our family support program seeks to reduce the family conflicts that can lead to child abduction, child abuse, runaways, throwaways, and trafficked youth.

Child Find Programs and Services are FREE to Families

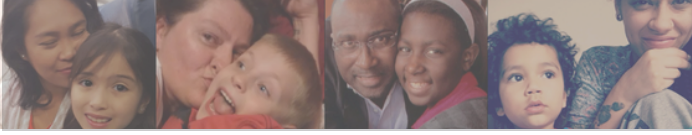

How We Collaborate

With over 45 years of service in the field of missing children and child safety, our staff is familiar with the complicated, multi-systemic situations victims and their families face. Child Find commonly connects callers to local services and provides additional support through:

- Missing children location services
- National and regional system navigation
- Exploration of legal options
- Risk assessments/safety planning
- Parent skill-building
- Conflict-resolution services
